Interchangeable Circular Needle Sets

Seeknit
founded in 1916

Introduction

Seeknit Interchangeable Circular Needles Features

There is a variety of interchangeable needle tip lengths and cord lengths.

Four different lengths of needle tip :
5 cm (2.0 inch), 10 cm (4 inch), 12.5 cm (5 inch)
and 14 cm (5.5 inch).

Ten different lengths of cord :
13cm (5 inch), 20 cm (8 inch), 25 cm (10 inch),
30 cm (12 inch), 35 cm (14 inch),
40 cm (16 inch), 55 cm (22 inch), 75cm (29.5 inch),
95 cm (37.5 inch) and 125 cm (50 inch).

We adopt 3 sizes of screw for needle tips and
cords by M1.8, M2 and M4.

The needle tip and the cord can be directly joined
if they have the same screw size.

You can join them with different screw size by
using converters.

Cord joints and stoppers are also available.

A close-up photograph of several bamboo knitting needles. The needles are arranged in two distinct groups: a top group of brown-colored needles and a bottom group of natural-colored (light tan) needles. They are all oriented diagonally from the top-left towards the bottom-right. The lighting highlights the smooth, slightly glossy texture of the bamboo. The background is dark and out of focus.

The Seeknit brand offers two lines of needles

The Seeknit brand offers two types of knitting needles, the Koshitsu line that has a brown color and the Shirotake line that are the natural color of bamboo.

Koshitsu is the bamboo needle with brown color.

"Koshitsu" is a product that has achieved a smooth surface and long lasting durability through special treatment with "high temperature, high-pressure and with natural plant wax" developed by our company based on our vast experience over 100 years of history.

It is characterized by density of the needles, the glossy surface, and the slippery feel. And above all, it is our original feature that no other company offers.

K o s h i t s u

Shirotake is the bamboo needle with natural color.

"Shirotake" is a bamboo knitting needle that allows you to enjoy the natural texture of bamboo. It is softer than our "Koshitsu" knitting needles, so you can enjoy the natural resilience of bamboo. The carefully polished surface and needletips are smooth and provide comfortability in knitting.

S h i r o t a k e

Product Features

Seeknit knitting needles does not only pursue high quality and function, but also continue to challenge the development of environment friendly products. Seeknit pursues both product performance and customer usability.

Point 01 | Finely buffed

The finely buffed needle tip makes it easier to pick up stitches.

Point 02 | Carefully polished

The carefully polished surface is soft to the touch and the yarn slides off easily.

Point 03 | Laser print

The size is laser printed so it won't rub off.

Point 04 | Rotating cord

Seeknit knitting needles adopt a rotating cord to prevent the cord from twisting.

Sustainability

Bamboo is a renewable resource as it grows extremely quickly. Using bamboo means very little environmental impact and logging bamboo for products such as knitting needles means giving more room to protect our forests. One of the reasons that people have preferred bamboo throughout the years is that it is natural and environmentally friendly.

Outer package has made of Craft Paper
which was authenticated by FSC.

Eco-Friendly Initiatives

We use renewable bamboo materials and strive to create products that are better for the environment. We are also promoting environmental initiatives in the area of packaging.

A close-up photograph of a person's hands knitting a blue piece on a wooden surface. The hands are positioned in the upper left, with the right hand holding a wooden knitting needle. A blue knitted piece is visible in the background. In the lower right, a folded white canvas case is shown, featuring a purple logo and text. The background is a light-colored wooden surface.

01

Seeknit Case 2

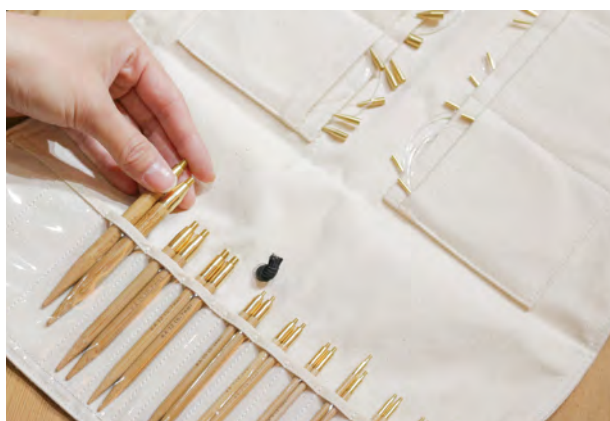

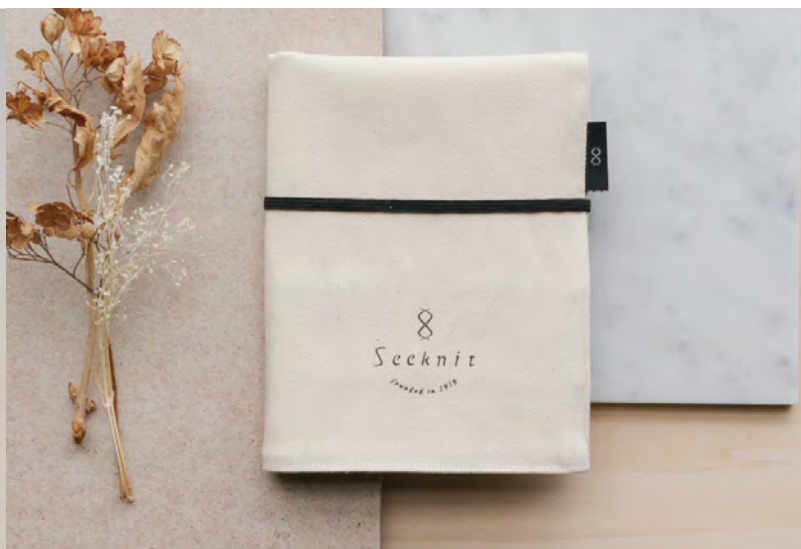

This is our 100% unbleached cotton canvas designed to carry and store interchangeable circular needles, related cords, stoppers, cord joints and accessories.

Seeknit
founded in 1916

Seeknit Case 2

Product ID Number **59466**

- Folded size : 14cm x 18.5cm / 5.7" x 7.3"
- Flat size : 30cm x 36cm / 12" x 14"
- 100% unbleached Cotton canvas and PVC Pockets
- 13 pockets for long needles.
- 8 pockets for cords, stoppers and joints etc.

Easy to pick.
Sophisticated design.

8 pockets makes storing
trouble some cords a breeze.

It folds up to the size of book for easy
store. Easy to organize.

Outer package has made of Craft Paper
which was authenticated by FSC.

05 Type B

This case is a fabric padded case.
We offer three traditional Japanese
patterns with flexible and functional
designs which have been well received
from our customers for many years.

Type B

Product ID Number

06688: Japanese Star Blue
06523: Dragonfly Red
57682: Cherry Blossom Pink

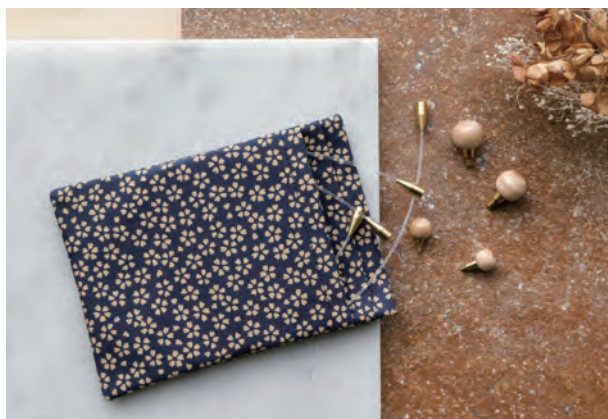

- Folded size : 14 cm x 18cm / 5.5" x 7"
- Flat size : 28cm x 18cm / 11" x 7"
- 100% Cotton and PVC Pockets
- 16 pockets for needles
- 2 Big pockets for cords, stoppers, joints.

Three colors with traditional Japanese patterns.

Two rows pockets design can hold needles of different length.

Cord cases are available.

It makes more convenient for storage and management of cords, stoppers, joints and accessories.

Seeknit Interchangeable setting information

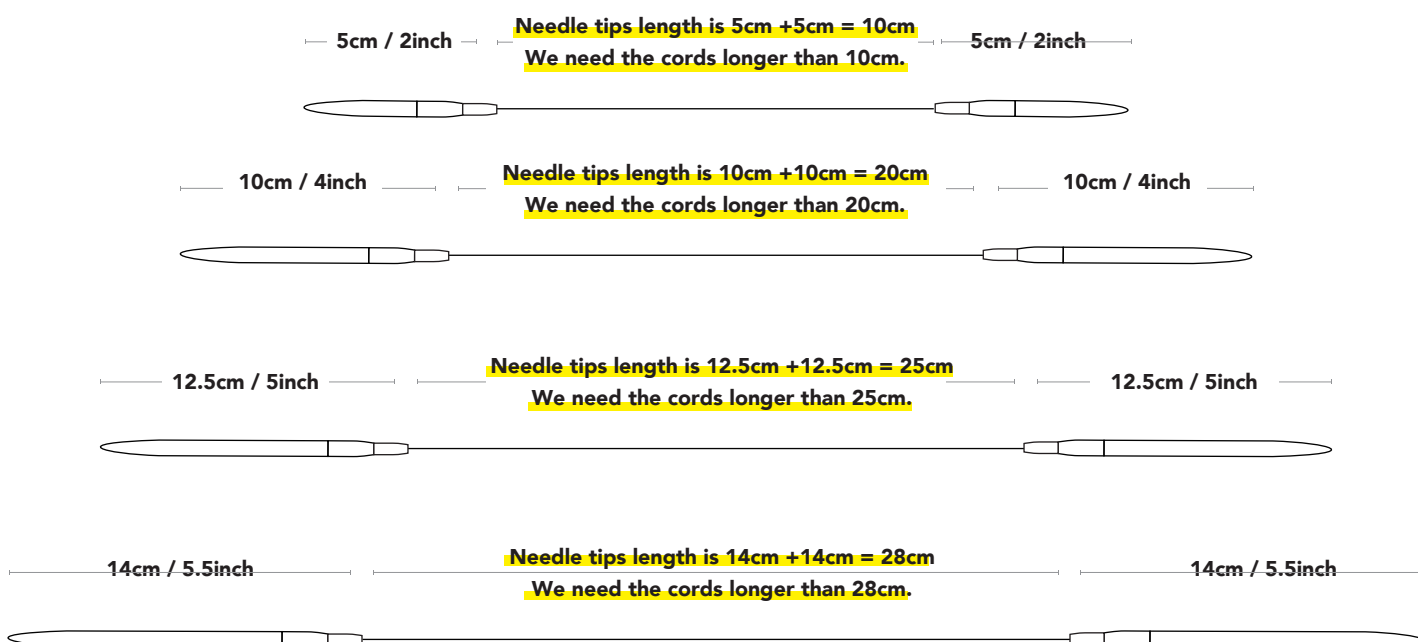

Customize it for your projects.

The ability to make circular needles that cannot be found in ready-made products makes it possible to apply them to a wide variety of knitting projects.

The needle and cord can be removed for easy storage.

Points to note when selecting a interchangeable circular needle and cord length:

If the total length of the two interchangeable circular needles tips exceeds the length of the cord, they cannot be used as circular needles.

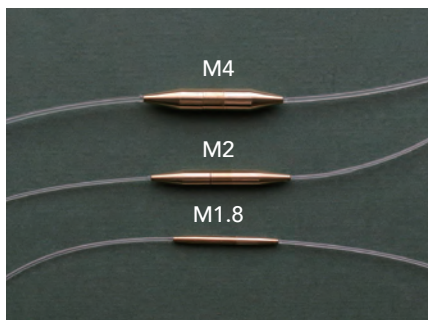

Interchangeable circular needles and accessories connectivity

Screw Size

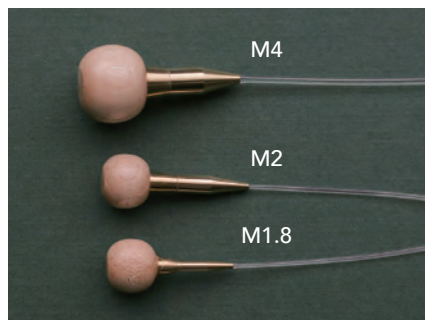

M1.8, M2, and M4 size screws are used for the needle tips and cords. You can directly connect the needle tip and the cord with screws of the same size.

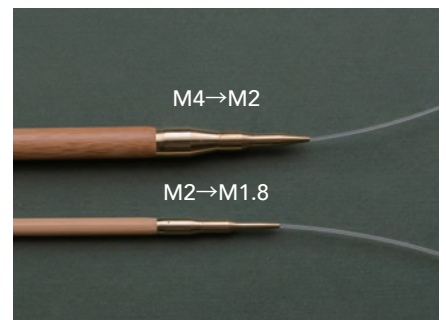

You can use the converter to reduce the screw size of the needle tip and cords. Also you can extend the cord length with the cord joints.

Seeknit Interchangeable Circular & Crochet Hooks SET Global Map 2022-11-4.xlsx

Exploring the world of knitting

Knitting makes sense for fashionable

Our bamboo knitting needles are made by our craftsman, using techniques cultivated over the years since our company's founding, while respecting the material qualities of bamboo, such as suppleness and smoothness. We have been making bamboo knitting needles for over 100 years and have seen the changes in knitting, and in order for people to continue to enjoy knitting, we have created the brand "Seeknit," which means to explore the world of knitting.
